

# SCHOOL GROUP - 2024

# THE VISIT

*Discovery of the Age of Enlightenment with the Duke of Choiseul, Great Minister of King Louis XV and Governor of Touraine in the eighteenth century.*

**Visit the Pagoda** - historical monument built by the Duke of Choiseul in 1775, offering from the top of its 44m a panoramic views of the Royal Castle of Amboise, the Loire Valley and the forest of Amboise.

**Stroll in the park of 14 hectares**, located at the edge of the Amboise forest, around the large pond in half moon, in which is reflected the Pagoda.

**The splendor of the "Palace Disappeared"** - Historical movie reconstructing the castle and gardens of Chanteloup at the time of Choiseul in 3D synthetic images (18-minute movie).

**Small Iconographic Museum** illustrating the portraits of the historical figures of the Chanteloup estate, from the 18th century to today, and presenting the plans of the Choiseul time domain.

**The garden of FU XI** - come to discover this small garden, its oriental essences and its chinoiseries, which reminds us of the taste for the "Anglo-Chinese gardens", appreciated at the end of the 18th century.
